

Welcome To Two Eagles Lodge!

After “discovering” Vancouver Island in 2004, we just knew this is where we belong. We found 12 beautiful acres, immigrated from Maryland, and here we are...happy to share our home with you.

We built Two Eagles Lodge in 2007 to be different from many B&Bs—offering an entire wing to guests, with **private entrances and baths** for each room. To make you even more comfortable, you have 24/7 access to a shared **lounge and guest kitchenette**... so you can pack picnics or make a midnight snack. We offer a grill and hot tub for guest use, too.

In addition to our B&B rooms, we built a 950-square foot **vacation suite**, which is ideal for families, or those preferring extended stays. Our suite includes two beds and a pull-out, a full kitchen, bath, and private balcony...and, of course, our million-dollar view!

Please know that we will do our best to make your vacation extra-ordinary. And, we promise you, too, will make new friends and great memories while you're here!

Horses welcome! Call for details.

Come share our slice of paradise with us! We look forward to meeting you soon!

A Perfect Location...

Two Eagles Lodge offers an incredible view of Georgia Strait & Denman Island, with the coastal mountains in the distance. (Photo on front cover is from your room!).

Two Eagles Lodge is centrally located for all of your Island fun. With the conveniences of any small city, from Wal-Mart and Safeway to great little pubs, Courtenay is just 10 minutes away.

We are two hours from the west coast towns of Tofino and Ucluelet. You'll enjoy some of the prettiest driving you can ever do through mountains and by our favorite lakes—Lake Cameron and Kennedy Lake. We are two hours north of Victoria and awesome Butchart Gardens (not to be missed). Whale watching and the gems of the north Island are just over two hours away.

Our central location makes us the perfect place to call “home” while you explore the Island and discover all there is to enjoy.

Just imagine...you're relaxing on the porch, overlooking the ocean waters of Baynes Sound and beautiful Denman Island, with the snow-capped coastal mountains in the distance.

Your "to do" list and pressures of every-day life are a million miles away as you watch eagles soar, fish jump, and hear the playful whinney of our horses who also call this **12-acre waterfront paradise** "home."

Once you're done relaxing, we look forward to introducing you to all there is to do in this "outdoor person's paradise."

Whether you like to kayak, hike, bike, scuba dive, golf, ski, snow-shoe, fish, tour the backroads on motorcycle, or just pack a picnic and relax by the water, this island is for you...and Two Eagles is the place to call "Home" while you're here.
